clockwise

grind adjustment

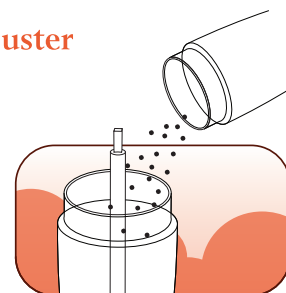

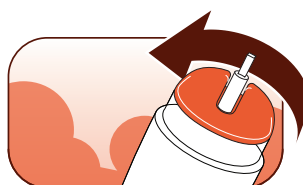

pull cap off to access
grinder-adjuster

turn **grinder-adjuster**,
selecting finer or coarser

refilling mill

unscrew **grinder-adjuster**
to refill chamber

washing do's...

- hand wash with hot water using a soft sponge or cloth.
- always ensure the bottom doors are closed before washing.
- shake off excess water and dry with soft cloth to keep mill looking in best condition.
- for best results use an anti-microbial soap when washing.

...washing don'ts

- do not submerge.
- do not place in dishwasher.
- do not use abrasive cleaners or sponges, this will damage the finish of the grinder.
